I, \_\_\_\_\_, hereby authorize Dr. \_\_\_\_\_ and any associates or assistants the doctor deems appropriate, to perform a cholecystectomy or cholangiogram and common duct exploration.

The doctor has explained to me the potential benefits of the procedure. However, I understand there is no certainty that I will achieve these benefits and no guarantee has been made to me regarding the outcome of the procedure. I also authorize the administration of sedation and/or anesthesia as may be deemed advisable or necessary for my comfort, well-being, and safety.

The doctor has explained to me that there are risks and possible undesirable consequences associated with any procedure including, but not limited to, damage to the duct itself and damage to the pancreas, pancreatitis, bile leak, retained stones, damage to nearby organs, pain, need for further surgery or procedures, blood loss, transfusion reactions, infection, heart complications, blood clots, loss of or loss of use of body part, other neurological injury and/or death. I understand that if I need blood or blood products these carry a risk of contracting HIV/AIDS, hepatitis, or other diseases. Further, any of these risks or complications may require further surgical intervention during or after the procedure, which I expressly authorize. \_\_\_\_\_

In permitting my doctor to perform the procedure, I understand that unforeseen conditions may be revealed that may necessitate change or extension of the original procedure or a different procedure(s) than those already explained to me. I therefore authorize and request that the above-named physician, his/her assistants, or his/her designees perform such procedure(s) as necessary and desirable in the exercise of his/her professional judgment.

In the unlikely event that one or more of the above inherent complications may occur, my physician or covering physician will take appropriate and reasonable steps to help manage the clinical situation and be available to me and my family to address our concerns and questions.
