HONORS AND AWARDS

- 2000 Chairman for Poster Presentation, 18th Congress of the International Society of University Colon and Rectal Surgeons. Sao Paulo, Brazil, July 2000.
- 1998 1997 Best Paper Award in the Journal of Diseases Colon and Rectum. The Robert Beart Award. Diseases of the Colon Rectum 1997; 40: 1409-1413.
- 1995 Honorable Mention "The Kaiser Permanente Award" for teaching
- 1994 Surgical Faculty Chief Resident Award (UCSD, San Diego, California)
- 1994 The Chairman's Price Award, UCSD, Department of Surgery, UCSD Medical Center
- 1990-1991 Outstanding Teaching Award (UCSD, San Diego, California)
- 1985 Cum Laude Departmental Honors, UCLA

1983 Golden Key Honor Society Award for Scholastic Achievement, UCLA

RESEARCH

- 2016 A Prospective, Multicenter Post-Market Study to Evaluate and Compare the Clinical Outcomes, Pain and Patient Quality of Life after Open, Laparoscopic or Robotic Assisted Hernia (Incisional and Inguinal) Repair Lead Investigator. Intuitive Surgical. (Lead Investigator).
- 2015 Robotic-Assisted Versus Laparoscopic Sigmoid Resection: A Retrospective Chart Review of Benign and Malignant Sigmoid Disease.
- 2015 A Retrospective Multi-Center Study for Evaluation of Clinical Outcomes in Inguinal Hernia Repair (Robotic vs. Open Repair).
- 2015 Robotic-Assisted versus Laparoscopic Sigmoid Resection: A Retrospective Chart Review of Benign and Malignant Sigmoid Disease. Intuitive Surgical. (Lead Investigator).
- 2015 Phase II/III trial of Neoadjuvant FOLFOX, with Selective Use of Combined Modality Chemoradiation Versus Preoperative Combined Modality Chemoradiation for Locally Advanced Rectal Cancer Patients Undergoing Low Anterior Resection with Total Mesorectal Excision. University of Chicago Comprehensive Cancer Center at Silver Cross Hospital.
- 2014 PROSPECT Rectal Cancer Trial using Total Mesorectal Excision (TME) Technique. University of Chicago Cancer Center at Silver Cross Hospital, New Lenox, Illinois. (Surgeon Participant).
- 1998 Institution of Laparoscopic Surgical Skills “Pig Lab” UCSD Medical Center. (Course Director).
- 1998 Randomized prospective study on the surgical wound infection rate following standard blood transfusion vs. leukocyte poor blood. (Co-investigator).
- 1998 Randomized prospective study on the wound infection rate following inguinal herniorrhaphy in shaved vs. unshaved patients. (Co-investigator).
- 1998 Prospective oncologic outcome following resection in pancreatic cancer. (Principal investigator).

- 1998 Electroporation therapy (EPT) for the treatment of nonresectable pancreatic cancer in combination with bleomycin. (Co-principal investigator).
- 1998 To determine if there is reduction of HIV-1 in lymph nodes following potent anti-retroviral therapy. (Collaborator).
- 1998 Determination of the clinical significance of the presence of micro-metastasis in lymph nodes in patients with stage II (Dukes' B) colo-rectal cancer. (Co-investigator).
- 1997 Oncologic outcome following total mesorectal excision in patients with rectal cancer. (Principal investigator).
- 1997 Member of the (CALGB) Cancer and Leukemia group B. Active recruitment in the esophageal, gastric and colorectal carcinoma protocols.
- 1996 Coloproctology research grant (\$20,000). The influence of partial excision of anal canal on fecal continence. Beafour Laboratorie, Paris, France.
- 1996 The stimulatory effects of cimetidine on the growth of human colon cancer orthotopically implanted in nude mice.
- 1995 "Patient-like" tumor model in nude mice constructed by surgical orthotopic implantation of human colorectal carcinomas - A clinical correlation.
- 1995 Institution of Laparoscopic Surgical Skills "Pig Lab" at VA Medical Center.
- 1995 Co-Investigator Phase III PGG-Glucan Study, Multi-Center Study (Alpha-Beta Technology).
- 1985 Post-doctorate assistant, UCLA, Medical Center Immunology Department of Immunology
- 1984 Post-doctorate assistant, UCLA, Medical Center Microbiology Department
- 2016 A Prospective Multi-Center Post-Market Study to Evaluate and Compare the Clinical Outcomes, Pain and Patient Quality of Life after Open, Laparoscopic or Robotic Assisted Hernia (Incisional and Inguinal) Repair.
